****Baggage:** Your baggage should be packed in small soft duffel bags. If you wish to travel to Bettles with a suitcase or large duffel bag, please bring small duffel bags to repack your gear before it is loaded into the hi-performance Super Cubs we utilize in the mountains. Large duffel bags and suitcases will remain at our "Ram Hole" base in Bettles.

The scheduled village flights generally charge \$1.80+ per lb. for anything over 40 lbs.

Recommended Caliber: We recommend .270 or larger calibers, with the flat shooting characteristics of the .30 caliber magnums being the most commonly used. Examples: .270 Win; 7mm Mag; .300 WSM; .300 Win. Mag.; .300 Weatherby; .300 RUM etc

Firearms: Your rifle should be a light weight bolt action, scoped with good quality optics and dialed in 2 inches high at 100yards. You should be adept at hitting targets out to 350 yards. If you handload, be sure all your ammo will chamber and eject properly. *Practice as much as possible in all shooting positions.* Silhouettes are especially good practice. Be sure scope mounts and all screws are checked for tightness. A good sling is worth its weight in gold.

Gear Recommendations: We utilize and highly recommended you bring quality gear. Brands we recommend include: Stone Glacier, KUIU, Sitka, First Lite, Outdoor Research, Swarovski, Zeiss, Leupold, Vortex.
